YOUR WEDDING DAY

We can make the day photo perfect for you and your bridal party. On the main floor of the salon we can handle all of your bridal styles at one time, to get you in and out, stress free on your day. There is a barbershop on our lower level for men to be groomed, with a separate entrance in a male environment. We encourage your bridal party to set up a chocolate fountain pedicure party the day before your wedding to get together and relax.

BRIDAL PACKAGE DEPOSIT

All of the choices that come while you are creating your wedding day can be overwhelming. We would like to give you the advantage of flexibility, rather than make you adhere to specific services in a wedding package. \$350 will secure your wedding day deposit. This deposit serves to secure your wedding day appointments, and as a credit that will be used during your trial visits. If there is a balance owed on your wedding day it will be collected. If there is a balance left over, you will receive a gift certificate credit. You may also chose to use any remaining balance on anyone in your wedding party. Please review your wedding contract and worksheet so that we can make your wedding day a great experience for you and your family.
